

The Bremen City School System reserves the right to place students in classes judged solely by the school system to be the most appropriate placement. Non-resident students are subject to suspension, expulsion, or revocation of their tuition status if they violate the terms of this contract or violate school system rules. This non-resident Enrollment Contract may be revoked and the student dismissed in accordance with any and all Bremen City Schools policies and procedures. Non-resident students and parents should review the Student Handbook for their schools.

Before accepting a non-resident applicant, the principal and superintendent will consider the following:

- Ability to provide services which will meet the educational, physical, and emotional needs of the student.
- Ability to accommodate the applicant without placing undue financial burden on the school system.
- Ability to accommodate the applicant without experiencing overcrowding in classes where the student would be assigned.

The Bremen City School System does not provide transportation for tuition students. The parent/guardian is responsible for their child's transportation to and from school.

A student's residence for school attendance is determined by the residence of the student's parent or legal guardian with whom the student lives. It is not determined by whether or not property is owned within the city or whether taxes are paid to the City of Bremen by the parents or guardian. Married or emancipated students who reside outside the city limits will be considered as tuition paying, non-resident students even if parents are city residents.

Resident students are charged no tuition. However, any student whose parents move their residence from inside the city limits after the school term begins will be required to make application for admission as a non-resident. It is the parent's responsibility to notify the principal's office immediately when residency or guardianship changes. If the student is accepted as a non-resident, tuition will be based on the date of the change of residence and charged at a daily pro-rated amount.

Any attempt to circumvent this policy by the student or parent may result in withdrawal of the student from Bremen City Schools. Payment of delinquent fees will be expected even if the student is withdrawn by the school system. Failure to report a change of residence or guardianship at the beginning of the school term or during the school term may result in immediate withdrawal.

Students must maintain academic, attendance, and disciplinary standards as established by Bremen City Schools. Failure to do so may result in immediate dismissal. At a minimum, an annual review will be conducted to evaluate academic, attendance, and disciplinary records to determine continued enrollment.

The principal of each school has the right to revoke the tuition status of any non-resident student based on any of the following reasons:

- Inappropriate behavior or poor disciplinary record
- Tardiness to school or poor attendance record
- Unsatisfactory academic performance
- Timeliness of tuition payments
- Attempts to circumvent the policy and procedures of the school system
- Refusal to participate in local, state, and/or federal assessments
- Any other good and sufficient reason

A student may formally appeal the decision of the principal to the superintendent. There is no appeal beyond the decision of the superintendent.

The superintendent reserves the right to refuse admittance to any applicant if accepting the student would not be in the best interest of the Bremen City School System.

I have read and understand the Non-Resident Enrollment Contract and agree to the stated conditions.
