April 8 – April 12	April Progress Monitoring	April Progress Monitoring	April Progress Monitoring	April Progress Monitoring	
April 15 – April 19					
April 22 – April 26	STAR Universal Screening: Reading				
April 29 – May 3	STAR Universal Screening: Math				
May	Data Team Meeting (8): Review students’ RTI tier placement and end of the year recommendations				
May 6 – May 10	Spring AIMSweb Benchmarks	May Progress Monitoring	May Progress Monitoring	May Progress Monitoring	STAR Universal Screening Math & Reading <small>2nd Semester & Year Long Classes</small>
May 13 – May 17					
May 20 – May 24					

➤ Content Area Benchmark windows will be established at individual schools.

Universal Screening and Progress Monitoring Data Team Timeline

August Data Team Meeting: Review RTI checklists and SST folders

Review checklists and SST folders for successful interventions from previous grade level.

September Data Team Meeting: Review Fall Benchmark Data

Review list students receiving interventions and any possible RTI tier changes.

October Data Team Meeting: Review students' RTI tier placement and data

Cross reference all data (fall benchmark and progress monitoring data from STAR and AIMSweb, Q1 failure list, current grades) to verify all students in need of support are in the appropriate RTI tier and receiving interventions.

November Data Team Meeting: Review students' RTI tier placement and data

Review progress monitoring data. Discuss and determine possible interventions for students not showing adequate growth. Adjust tier levels of students as needed.

January Data Team Meeting: Discuss potential candidates for Retention or Placement

Discuss interventions and plans for students who are not performing at grade level and are considered possible candidates to be retained or placed. Students in tier 3 that are candidates for retention, begin the Promotion-Retention Checklist and Rubric.

February Data Team Meeting: Review Winter Benchmark Data

Compare fall to winter benchmark data to determine students not meeting grade level expectations. Verify these students are at the appropriate tier and receiving intervention(s).

March Data Team Meeting: Review students' RTI tier placement and data

Cross reference all data (winter benchmark and progress monitoring data from STAR and AIMSweb, Q3 failure list, current grades) to verify all students in need of support are in the appropriate RTI tier.

May Data Team Meeting: Review students' RTI tier placement and end of the year recommendations

Review roster of students in tiers 2 and 3 to confirm tier placement is appropriate for the student in the upcoming year and give recommendations for next year.

Post Planning: Complete End of the Year Recommendation form from the school registrar.

Compile grade level tier 2 checklists for building level RTI coordinator.

Reminders:

- ✓ Bring the current data (STAR results, content benchmark results, grades, failure lists, etc.) for your students.
- ✓ Students can move fluidly through the tiers (up and down).
