Dear Parent/Guardian:

The amount of tuition for each out of district student is established by the Bremen Board of Education on a yearly basis. Tuition may be paid in full at the time of registration or families may elect to have non-resident fees deducted from their checking account. Under this agreement, a first payment is made at registration, and the remaining balance is paid divided over 8 months. **This option is only available once a year during registration. If a monthly draw returns due to insufficient funds, the total amount for the year is due.**

In preparation for the 2018-2019 school year, it is necessary to accurately project enrollment. Therefore, we need to determine the number of those students currently enrolled who plan to attend the Bremen City Schools next school year. Please be advised that if you decide that your child will not be returning to our system for the next school year, his or her place will be given to another out of district applicant. Also be advised that your child's continued enrollment is contingent upon all out of district requirements being met. An annual review of academic achievement, attendance, and discipline records will determine his/her eligibility status.

Please notify us of your intent regarding your child's continued enrollment by circling the appropriate choice. It is necessary you sign and return this form to the school no later than **Friday**, **February 2, 2018.** Thank you for choosing Bremen City Schools!
