

Founded in 2002, the Bremen Educational Foundation, Inc. is a 501 (c)(3) organization that exists to support and enhance the educational experience for the students of Bremen City Schools. Each year, grants are awarded to BCS teachers through an application process. This year, \$4,000 is being awarded to teachers. Additionally, the foundation facilitates the awarding of numerous student scholarships for deserving high school seniors.

Community members, as well as faculty and staff, are encouraged to support the efforts of the foundation through contributions and payroll deduction. All donations made are tax deductible and go back into the school system through identified initiatives/projects.

The foundation board consists of community representatives and school system employees whose goal is to continue the tradition of excellence in Bremen City Schools.
